

TOMORROW

***If tomorrow was your last day do you know where you would go
Can you see yourself in heaven or are you going down below
You can have the assurance of the place that you will be
Just place your trust in Jesus, He's the one who sets you free***

***To know that you're forgiven, for all the things you've done
Brings peace and joy and happiness, With Him you become one
You receive the Holy Spirit, He's with you all the way
No longer will you feel alone, At anytime of day***

***Take up the gift he gave for you, don't put it down to fate
You can't leave it to tomorrow, cos it might be too late
So open up your heart to Him, He longs to hear you pray
Please come and be my Saviour, that's all you have to say***
